TO: ADDs

A reminder to provide feedback on this survey (one response per Region) by next Thursday. Given the OAPPS schedule for preparing the report related to the EO, early responses would be appreciated if possible.

We have received two responses (R5 + R10) already, and appreciate that early feedback.

Best,
Leiran

TO: ADDs

Following up on Session 11 (Emerging Issue: “Cryptocurrency” mining) at the May 2022 ADD meeting, we are requesting responses to provide information about how “Crypto” mining is manifesting in each Region. Below is a link to a survey created by Region 3 (credit: Paul Entwistle). Please coordinate to provide a single response for your Region **no later than 3pm ET on Thursday June 16.**

Take the Survey

If the link in the box above does not work, click this [link](#).

I will provide a summary of the responses on Friday June 17. The responses will also inform a report to which EPA (through OAR-OAPPS) is contributing in response to President Biden’s “Executive Order on Ensuring Responsible Development of Digital Assets” ([March 9, 2022](#)).

Please let me know if you have any questions about this request or the survey.

Best,
Leiran
